

Australia in Bloom

Draw this structure on A4 paper. Add representative marks, axes, legends and notes.

TITLE + INTRODUCTION + THREE KEY NUMBERS
\$3.38bn group production | \$324.7m flowers | \$100.1m net imports

01 THE INDUSTRY: scale, then change

01 Treemap
Nursery / flowers / turf; area = value

02 Indexed lines
Three sectors; 2020/21 = 100; sector selector

03 Heatmap: annual changes
Sector rows, year columns; signed % labels

02 THE GROWING REGIONS: totals and regional roles

04 Choropleth map
Australia; colour = flower A\$ per resident

05 Proportional-symbol map
Australia; circle area = value; sector selector

06 Marimekko
Width = scale; height = sector mix

07 Dumbbell
Production vs export shares of national totals

03 THE FLOWER TRADE: origins, changes and destinations

08 Geographic flow map
World map; links from five origins to Australia; line width = import value; highlight origin

09 Bump chart
Origin ranks over three years

10 Waterfall
Origin contributions to the \$11.4m rise

11 Ranked bars: export destinations
Share of flower export value; show exact percentage labels

04 WHAT IS CHANGING: interpret the recovery

12 Butterfly
Imports left / exports right; shared A\$m scale

13 Connected scatter
Nursery units vs value; label each year

TAKEAWAYS + SOURCES + AUTHOR + DATE + AI ACKNOWLEDGEMENT

Use pink for flowers, green for nursery plants, ochre for turf. Mark where hover details appear. Your sketch should show four clear sections, all chart positions, text, legends and interactions. If you already submitted a sketch, reconcile the webpage with that sketch and tutor feedback.
